Virginia Commonwealth University 2006-07 Tuition and Fees

Executive Summary

Standard Tuition and Fee Rates

- ❑ **Overall tuition and fee changes** are summarized below for selected student groups:

	<u>Resident</u>	<u>Nonresident</u>
Full-Time Undergraduate Students Living in Private Housing	8.1%	1.0%
Full-Time Undergraduate Students Living in University Housing and 200-Block with \$300 Dining Dollars Plan	5.3%	1.6%
Full-time Graduate Students	7.6%	1.0%

- ❑ **Tuition charges** will increase from 2005-06 rates by 6.5% for resident undergraduate and graduate students. No tuition increase is recommended for standard nonresident undergraduate or graduate students. Part-time rates are based on full-time rates.

In recent years, tuition increases for resident undergraduate students were controlled in the State Appropriation Act through specific rate increase caps. Beginning with the 2004-06 biennium, language pertaining to specific rate increase caps was removed, thereby providing Boards of Visitors with greater flexibility to set tuition rates.

Because Appropriation Act tuition rate increase caps in the past have been placed on resident undergraduate students, the University has relied more heavily in recent years on rate increases for nonresident students. Although the Appropriation Act continues to include language requiring institutions to set nonresident tuition at a level sufficient to cover at least 100 percent of the cost of education, SCHEV calculations indicate that VCU's rates exceed this requirement. These were key considerations in developing the recommended resident and nonresident tuition rates for 2006-07.

- ❑ The number of credit hours for which a student may enroll before a **course overload fee** is charged will continue at 18 credit hours for undergraduate students and 15 credit hours per semester for graduate students.
- ❑ There will be no increase for the **Student Technology Fee**, a **mandatory E&G fee** supporting student technology needs.
- ❑ A 15.4% increase is recommended for the **University Fee**, which is a **mandatory non-E&G fee**. The **Student Health Fee** will increase by 2.4%.
- ❑ No increase is recommended for either the **student activity fee** on the Monroe Park Campus or the **student government fee** for the MCV Campus. No increases were requested for 2006-07.

- ❑ A representative room charge for double occupancy in **University housing** will increase by 4.2%. The rate for a 200-block **board plan** with \$300 per semester in “Dining Dollars” will increase by 1.7%. Rates for all meal plans are summarized on page 36.

Program Specific Tuition and Fees

- ❑ Tuition charges for resident **medical students** will increase by 6.5%. Nonresident tuition for all classes will increase by 2.5%.

First-professional medical students receiving their third and fourth year of undergraduate medical education on the **VCU School of Medicine INOVA Campus** pay a unique campus fee, the revenue from which is used to support student recreation, student health, and student counseling programs. This fee is in lieu of the University Fee, the Student Health Fee, and the MCV Student Government Fee.

- ❑ Tuition charges for **dental students** will increase by 6.5% for both resident and nonresident students. In addition, there are changes in related fees as described later in this section.
- ❑ Tuition charges for students in the **first-professional PharmD program** will increase by 6.5% for residents and 4.5% for nonresident students. For the **Nontraditional PharmD program**, there will be no tuition increase for either resident or nonresident students.
- ❑ Several areas are adjusting **tuition and/or fee rates** with the incremental revenue returned to the units as follows:
 - Private music lesson fees for music majors ranging from an increase of 2.9% to 7.5% for undergraduates and from 0.0% to 3.0% for graduate students depending on the number of credit hours. Private music lesson fees for non-majors will increase by 7.8%.
 - Fast Track MBA tuition and fees for the thirteen-course program will increase from \$37,500 to \$38,500 (2.7% increase).
 - Tuition and fees for the ten-course Fast Track MS in Information Systems will increase from \$26,000 to \$27,000 (3.8%).
 - For undergraduates in the School of Engineering, tuition will increase by \$500 for full-time resident and nonresident students. About \$436,000 in additional revenue generated by the increase will be returned to the School and used for student financial assistance and program operating support. In addition, the School will initiate a new instructional lab fee of \$35, with revenues returned to the School to support lab costs.
 - Dental Instrument Rental fees will increase from 4.0% to 31.0%, depending on student program and year.
 - Dental Kit Purchase fee increases range from 8% for first-year dental hygiene students up to 11.1% increase for first-professional dental students.

- The Nurse Anesthesia will implement a supplemental tuition increase of \$1,000 for full-time resident students and \$500 for nonresident students. The supplemental increases are expected to generate an additional \$92,500 to support the program.
 - SportsCenter full-time tuition will increase from \$15,370 to \$16,000 (4.1% increase) including mandatory fees.
- Higher education institutions are required to charge a **Capital Outlay Fee** to nonresident students. The revenue from this fee is used to reimburse the Commonwealth for a portion of the debt service on bonds issued under the 21st Century Program and for the debt service on bond issues used to finance equipment purchases through the Higher Education Equipment Trust Fund (HEETF). VCU's annual reimbursement requirement is approximately \$281,000. No increase in the capital outlay fee is required for 2006-07.
- The tuition rate structure for the **2007 Summer** session is currently under review for potential changes related to the implementation of the University's new administrative system. Proposed summer term rates will be brought to the Board for approval at a later date.
- Specific **tuition and fee charges for 2006-07** are presented in the following sections.
